- 8 Ounces
- Matte Tan Finish

Product Description

The RIP-3C features a lightweight aluminum housing, weighing approximately 8 ounces. Its compact dimensions are just 4.17 x 2.44 x 1.65 inches. This all-in-one tactical laser sight is a versatile option for those who need both illumination and targeting capabilities. The green visible laser is significantly more visible than red lasers. Both the visible green laser and the IR laser of the RIP-3C have a range of up to 550 yards, while the built-in IR illuminator offers illumination out to 170 yards. When paired with night vision goggles, this system is perfect for civilian and law enforcement application across most target engagement ranges. The RIP-3C features a reliable mil standard mounting system that mount to standard M1913 Picatinny Rail. It has a compact design that sits lower than most other lasers.
